x455	16-way 64-bit	Special Bid	Datacenter Ed.	Special Bid	In Progress	Special Bid	Special Bid

* Network Attached Storage is not certified for Oracle with the Microsoft Windows Operating System.

** Microsoft Windows XP version will not be certified.

*** Servers feature Intel EM64T (Xeon 64-bit) processors. Support for 64-bit requires:

Windows Server 2003 x64 (not released as yet)
Red Hat Enterprise Linux 3 AS for AMD64/EM64T
Novell SuSE SLES 9

Oracle Notes:

Oracle E-Business Suite = Supported only on 32-bit versions of Linux and Windows.

Oracle 9i DB = No plans to support on 64-bit OS on Intel EM64T processors

Supported on AMD processor 64-bit with SuSE SLES8 & RHEL3, SuSE SLES9 support is projected

Oracle10g = Supported on 64-bit RHEL3 (EM64T, AMD); SuSE SLES8 (AMD); SuSE SLES9 (EM64T, AMD)

IBM TotalStorage Devices Certified for Oracle Products

IBM TotalStorage

"As a rule, Oracle does not certify or support third party storage products (disk, RAID, tape drive, HSM, etc.) Oracle assumes the underlying storage solution is reliable, and the storage vendors support their products directly."
